

MVH3

If the hare ain't live,
it ain't Mt. Vernon.

Run: # 871

Date: January 31, 2004

Hares: Dr. Strangelove and Womb Broom.

Location: Ice Fields, Fairfax Station

It was 16 degrees and the wind chill hovered near zero. The start was the usual place on Rice Fields Road except now it was a sheet of ice. I noticed this as I slid down the hill with only **CorkScrewed's** Passat to stop my advance on the circle. Why was his the ONLY car parked on the other side? The pack wasted no time, as did the short-cutters. Why is it when the pack is obviously on true trail that a small group always goes the other way? Gosh – do the names **Tore Ass, Quick Drawers, Hollow Point,** and **CorkScrewed** ring a bell?

Caught up to the walkers after a brief romp through the woods and out onto pavement. Of course there was **Slip Knot** and **Big Sweaty Pussy**. Pavement to more pavement because it was so much safer. Anyway that is what **Womb Broom** stated at the – water, beer, and peppermint schnapps check. Wait – has Saturday suddenly turned into Sunday? **Flying Burito** was easily convinced to take the “dangerous” walker’s trail back through the woods and out onto route 123. **Slip Knot, Mellow Foreskin Cheese,** and

Udder Ho followed along. **Bad Dog** really was right behind us until he saw the runner’s true trail mark and – he was off. Does anyone disagree with that last remark! Does he only do this to keep his DFL status? How cold was it? Have you ever felt like your sunglasses were going to freeze to your face? Have you ever drank an ice cold drink too fast and had a brain freeze? Imagine your whole head feeling that way! **Flying Burito** kept warm with the cutesie cushion he found on one of the abandoned sofas passed along the way. He used it as a footsie cushion at the one-in. **French Toasted** recounted how he and **Cunning Runt** hit a long icy patch too fast and it took all their athletic skills to stay upright. That was quite a feat for **French Freedom Almost Toasted Kabob**, as we all know well.

On In

Hollow Point manned the beer station. Nothing like having some Brooklyn Brown Ale right there at your finger tips. He and **French Toasted** kept the beer flowing for the down downs. There were the usual antics that only truly occur at **Dr. Strangelove's** house. Another case of **Byte Lightning** and **Dual Airbags** providing all the entertainment. Well, it looked like a circus act. Little bitty woman with short white legs carrying this long skinny black ass man into the circle. Then it turned into a wrestling match. The pack cheered for their favorites. It must have been the ham, pounds of it, rice and vegetables and bread and cheese that assisted in creating this raucous display. .

CIRCLE

EDITORIAL NOTE: The pack was frozen and their brains were dead, and their mouths had diarrhea. If you want better names for folks PLEASE cum out and outvote these sorry wankers.

Violations Hares for providing a nice, well marked totally safe trail. **Tore Ass** drank for Ernie's new shoes. **Red Snapper** for not letting the pack live vicariously by revealing to them what she was giving **Only 2?** for his birthday. **Happy on his Knees** for following the Atkins diet (no bread) but drinking beer. **Cheap Slut** for cuming back from a vacation on the ocean without a tan. (there were no visible tan lines).

Hashit A hashit was not present. It is rumored that **Two-Hand Job** has fled the country in search of hot men and warm weather. Neither **Bite Me Elmo** nor her stand in, **Great Balls of Fire**, were present. Rumor has it that Bite Me had found a hot man and she was keeping warm. Coincidence that the name is HOT?
