

MVH3

If the hare ain't live,
it ain't Mt. Vernon.

Run: # 873

Date: February 14, 2004

Hares: Cork Screwed, Loan Shark, Dual Airbags,
Cheap Slut and Pudnocker

Location: Kmart, John Marr Dr, Annandale, VA

THEME: *Who Let the Dogs Out*, RUFF RUFF

Why did the hares pick this theme for Valentine's Day? Could it be that most of the hares have been married for many many many years? Or just a good reason for **Corkscrewed** to purchase 2 legs of lamb? Each the size of a normal person's femur? To no one's amazement Father Abraham was turned into "Who let the dogs out" - 'ruff ruff' and the pack was off. **Whore Moans** said this is the direction the trail is always laid and that the DFLs should follow her. This led to much talk about who really was the DFL of DFLs. After a few blocks of up and down and around, trail led through a schoolyard. Continental Drip was seen at the other end of the field. Then **Hollow Point** decided to take a short cut. **Bronco Buster** talked about all the dog parks in the area. Perhaps another theme for a trail? **You've Got Tail** and **Let's Make a Deal** repeatedly asked **Whore Moans** if she knew where she was going - 'TRUST ME' was always the reply! Trail entered the woods where a back check 7 was set. Though marked by the

pack, the DFLs missed it. Then down the road past the golf course and across Little River Turnpike. It was here that **MicroSoft** caught up. Can't remember if he started late or was doing his own BT. Down the hill and up to a right turn. **Whore Moans** said trail should cut through the streambed as **Loan Shark's** house was just up stream from our location. But it didn't and we wandered up and down hills forever. **Nailed on A1A** said the hares should drink for that 2-mile stretch of trail. It was here that **Urine View** passed us at a very brisk pace. Next, a hare's arrow directed the pack to cross Braddock. **Whore Moan's** declared h*ll no! And after being seconded the DFLs proceeded on right. About a quarter mile away we could see the pack coming back out to Braddock. Hashers we had only seen at the beginning! Great short cut! Right turn to true trail on Dresden to a check on the next corner. The pack marked true trail left but again the DFLs decided to try shortcutting again. **Great Balls of File** and **Microsoft** could not be swayed to follow. Dresden continued forever and a very nice homeowner confirmed that out goal was near. Don't know how many loops were in-between but in the time it took the DFLs to walk Dresden it took exactly the same amount of time for the two aforementioned wankers to run their section! Awesome. Down into a dead end and into the woods to the OnIn.

On In

Hashers were everywhere, inside outside, in line for meat, in line for beer. The weather was teasingly cold. It was supposed to be 50 but the sun was barely shining through the clouds. Cases of Yuengling lager were scattered on the deck. Hasher babies were staying warm inside. Who would have thought that hashers were such carnivores - 2 humongous legs of lamb and pounds of hot dogs were consumed.

So some goodie-goodie brought him his own chocolate cake – but since Byte was a no show – Cocoa Brown drank for him!

Namings NONE

Violations Hares for setting a fine trail with little complaining – the hares must be getting soft! . **CorkScrewed** for reckless abandon using an electric instrument to hack off chunks of **leg meat**. **Loan Shark** for boiling foot-long wiener dawgs. **Womb Broom** for confessing he was going through withdrawal when he heard 'hares away'! **Bush Master** for telling everyone it was **Bush Whacker's** fist hash since Costa Rica – he never told us whether it was because it was due to Valentine's Day or the theme of the hash! **C.R.A.F.T.Y.** for explaining to just about anyone who would listen that the reason why he and **Milk Money** were late was because he gave her a good morning kiss and then he realized it was Valentine's Day and he got a little carried away. **Big Sweaty Pussy** for 'competitive walking'. There were several variations to this story – seems it was a long steep down hill and he wanted to have a strong finish at the end. **14- Karat Cock** for his 'railroad engineer hat' and seconded only by his cheesy – choo choo choose you Valentine. **Dual AirBags** did not believe him. **Loan Shark** and Mellow Foreskin Cheese for lawyer-speak. At which point all lawyers had to drink. **Duals Airbags** for not knowing who **Sunny Bunny** was – and she was at his naming! **Puke Me Up Buttercup** for early Mardi Gras. **RutRo** and **Big Bird Turd** for using nerd names. And finally – phew – all hashers present without their significant others. I think someone thought this up just to catch up on the gossip!

Hashit A back-up hashit was present. YEA!!!

As of the end of run 873, Bite Me Elmo still had hashit (Serial Number 2003-003). Big Sweaty Pussy accepted it from her as a gift on Saturday night.

Two Hand Job still has hashits (Serial Number 2003-005 and 2003-005-A and 2003-002).

Loan Shark got hashit (Serial Number 2004-001 – formerly 2004-004) for saying that Puke Me Up Buttercup shouldn't get it.
