

MVH3

If the hare ain't live,
it ain't Mt. Vernon.

Run: # 874

Date: February 21, 2004

Hares: Puke Me Up Buttercup, Burnt Sox, & Whack Me Smack Me Lick My Leather Balls Toe Sucker, Pork and Cheese, and Just Kris

Location: Chinquapin Park, King St, Alexandria

The hash collected itself slowly. Thank goodness the pack has hash sense with the directions and all had cars as all zenned in on the start. I arrived to find **And How's Her Bush** and **Anal A-Stride-Her** just setting off - late. **Slip Knot** followed after I gave him the directions to the end. Then there was **14 Karat Cock** who had to change his shoes and I'm sure attempted a short cut but he still got in later.

Arriving at the first check it was hard to tell whether to go left or straight - left was wrong but it was oh so right. Scored huge short cut as this put us in front of the FRBs, about 10 of them. The typical suspects - **Byte Lightning**, **Cunning Runt**, **Dr. Jeckyll**, **Drops a Load**, **Throbbin Member**, **French Toasted**. **Wankers Aweigh** carefully attempted to crawl over a log so he wouldn't get his shoes muddy! How LONG have you been hashing? Luckily for Hot Legs no serious damage was done! Then trail crossed King and went up Scoggins. **Hawaiian Puke** raced up this hill. Then another crossing to a

petite little check in aqua chalk, bigger is better. **Dr. Strangelove** and **C.R.A.F.T.Y.** communed with nature while **7-Minute Blow Job** passed the DFLs several times.

The pack did not have ANY chalk which led to that huge cluster f*ck at the 5-street intersection which had a back check. **Red Eye Vagina** finally solved it; or was it **Sucks Cock for Crack**? The front-runners had already gone through and the middle of the pack was spread thin. Then there was this miracle or was it a vision - **Loan Shark** speeding down hill like they were coming to take his barrister's license away. Faster than OJ's lawyer to cash the check! **Morning Glory** was trying to explain all the pack symbolism to virgin **Just Danny**. **And How's Her Bush** caught up and passed the DFLs just before the circle.

That wonderful little treat the hares laid at Washington Circle. Just love it when the pack gets hit with so many options and the DFLs can catch up. The up hill stretch found **Hollow Point** and **Tommy Knockers** leap-frogging. **Milk Money** was zig zagging with **Blank Check**, **Drippi Dick**, **Slum Slut**, and **Troll**. Then there was that long down hill stretch where **LuLu the Gay Sailor** and **You've Got Tail** took the pack on a real run without the benefit of following trail. **Bavarian Bush** knew better and hung back to secure front running status again. Trail really turned into the townhomes of Fairlington. This is where **Gomer Filer** noticed the plaque advertising a historical location - Nixon once live there. A little humor on trail is a good thing. By this time **Hard Drive** and **Dual Air Bags** caught up as they had followed **Poop Deck** out of the start, gave up, turned around and went back to the start. Then they realized they were just two blocks from finding trail when they turned around.

Hashers came barreling down Quaker Lane headed for 4-mile run. Luckily trail led into the on-in right next to the pedestrian overpass for Shirlington. **Flying Burito** reported that the walker's trail was excellent!

On In

Hashers lined up waiting for the bag vehicle. So many took the weather forecast seriously and thought the sun would be out and they could catch some rays! The wind blew blew blew which caused a chill chill chill. The chilies were good as were the corn bread and rice

crispie treats. Dual Airbags began to chant for the circle to start and so it began again, the.....

B'Day: NONE

Namings Nailed On A-1-A left before we could bring him up for a renaming.

Violations All the hares for setting a fine trail with little complaining and many compliments. Well – they had to make up for the last marathon they set!! **Whack Me Smack Me** for first forgetting the maps, second for not following the map once she got it. **Just Kris** for violating her co-hare. **Do Me Next Week** for leaving on St. Valentine's morning instead of the next day, which caused **Becuz He Can** to drink the week before. Of course it was **Only 2?** That turned her in! **Pork and Cheese** for innocently bragging she no longer has an 8-minute pace. "I'm faster"! **Just Kris** for wanting special recognition for her double virgin status – 1st hash and 1st hare! **Happy on His Knees** for purposely grabbing the long shaft out of the chili and playing with it. While mumbling if anyone knew what it was!! Of course it was a cinnamon stick!

.Hashit Loan Shark nominated **Puke Me Up Buttercup** because it felt good. **Burnt Sox** got hashits (Serial Number 2003-005 and 2003-005-A and 2003-002), He launched into a long long story as only lawyers can while defending themselves. Hands Solo (was so quiet before he retired) yells out – "cut the diatribe b"llsh*t and so BS cut the BS and so magically was awarded them. During his down-down BS decided to put the panties tied to the hashhit on his head, which created an awkward drinking position. As he slowly drank, he slowly bent over – backwards – that is until the cup was empty and he was on his ass!

Though somehow after this event **Two Hand Job** borrowed it to show something on it to **Big Sweaty Pussy** and so it appears she may have one or all.

And Hows Her Bush got hashit (Serial Number 2004-001) because he was supposed to bring the flour early and showed up late. **7-Minute Blow Job** got hashit (Serial Number 2003-003) just so Burnt Sox would have company.
