TRAIL REPORT

Remember what sun was like??? We sure have been lucky up until now. Last week was another close to perfect hash day. The trail was marked for runners and walkers with a split near the end, which makes it nice for those of us who half run/walk to make the decision which way to go after a taste of the trail. I think maybe everyone was bored with the nice weather and trails though, as getting stories from the hashers was like pulling the proverbial teeth. The on-in was at **BOB's** house. The food was GREAT, very upscale, though not QUITE enough. So here's what I did get from those kind enough to speak with me...

BYTE has come up with a replacement for 'on-on', seems any time he found hash he yelled 'HERE'. Somehow it doesn't have quite the same ring. Someone caused an accident (everyone was willing to blame everyone else) and the burnt-out road flare was confused by some half-minds as hash. **HOLIDAY HO** was heard complaining incessantly about her bad haircut. **DUAL AIRBAGS** was willing to give her some pointers later. **LOAN SHARK** tripped on his own shoe lace, claims it was a FIRST. That started a conversation between **BURITO** and **LOAN SHARK** about WHAT exactly could be tripped over. **BURITO** said something about King Kong Dong, but **CUNNING RUNT** was quick to correct him, Minnie Mouse, hmmm how does she know??? Lots of Doggie action this week. **DILDO** was caught with Duke between his legs and Brandy spent time sniffing **JUST JOE'S** crotch. Tess was busy with her Frisbee, until **14K** threw it up a tree. The fashion statement goes to **CHEAP SLUT** for his 'Loser Suit'. He managed to gather attire from the losers of the world interhash competitors, very creative!!

The violations as I remember were, **BSP** for not bringing his hashshit. **POOP DECK** wore new shoes (although - of course - he violently denies this,). **TIGHTY HO** matched all clothing (again) both before, during, and after the hash. **HARD DRIVE** and **SNATCH SHOT** both scored environmental violations. **WOMB BROOM** and **POOP DECK** short cutted (gee, there's a surprise! what's new). **GAY SHIP LOLLIPOP** followed 'True Tail' (as in **YOU'VE GOT...**) and **DUAL AIRBAGS** knocked over the down-down beer hoping for better refills (no go).

IMPORTANT

What weighs tons, has huge fan-like ears, is abnormally white, with a wispy tail? A WHITE ELEPHANT!! Mark your calendars NOW for the MVH3 White Elephant Holiday Party... 1st Saturday in Dec! More Details to come...

And now a joke from **WOMB BROOM**: "How does the Navy separate the men from the boys?????" Don't peak.....

With a crowbar! yuck, yuck yuck.....

On-On till next week,
~LET'S MAKE A DEAL

At least one strange hat; many unique drinking vessels; an old tacky ceramic clock that may or may not work; a pair of one-of-a-kind earrings; at least one bottle of wine; someone's missing plunger; a hard drive yanked out of an old computer; a stylish lavender running jacket embroidered by all the previous owners, a variety of used and sticky XXX videos; numerous pairs of gross, dirty, smelly and often torn apart shoes; a stainless steel kitchen sink; a variety of misc clothing that could appear to be rejects from street people in DC, and many other misc items that could just as well be found in the dumpster behind a Salvation Army or Goodwill store?
