FEBRUARY 24, 2007 Run

Hares: Dr. Strangelove & Mystery Hare
Start: Terra Centre Elementary School parking lot, Burke, VA (No VA ADC map page 21, grid A9).

To get there from the Beltway, exit westbound on Braddock Road, Exit #54 in Virginia. Drive 1.8 miles, go left on Burke Lake Road, travel 2 and half miles, turn right on Burke Center Parkway. Go 1 mile and the Terra Centre Elementary School will be on the left, across the street from the Giant Towne Centre shopping center.

Trail notes:

Dogs OK on trail, but would need to be tied to a tree, or put in car at the end. Strollers OK on most of walker trail, not recommended on the runner trail. Bring a bag with dry shoes and clothing.

Toasted, went left, but **Pulls Out Early** and I thought we would be smart and go straight. We soon found ourselves at a BT next to Annandale H.S. and DFL as well. We spent a good bit of time after that chasing **Tail** (that would be **You've Got Tail** and that woman can run). By the time we caught her, we couldn't remember why we were chasing her in the first place.

The trail eventually wound into the woods and down a familiar hill to a stream crossing we've seen before. Beer Near was sighted and we looked up to see the smiling faces of the hares on **Loan Shark's** deck.

The food was great with grilled "chicken" egg drop soup, won-ton soup and of course noodles

Hash Trash for 10 February 2007
Run Number 1033

Hares: **Poopdeck**, **Loan Shark**, **Slick Slit**, and **Cork Screwed**.

It was the Asian New Year's Hash (mmmm woked dog arrghhhhh!). Looking at the hares can you guess which hare doesn't belong and why?

The weather was another cold windy day as we assembled at our favorite K-Mart in Annandale. I kept **Do Me Next Week** up all night in the pursuit of too numerous to mention nocturnal pleasures. As a result, she was too tired to attend the Hash and stayed home to clean the house. I appear to have her trained as **Only Two** does **Red Snipper**. The hares were late getting started because two of the hares being wimpy, were sitting in their car getting warm while the rest of us were freezing outside waiting to start. **Byte Lightning** finally figured out (you know black men will not stop and ask for directions) where the hash was to start and arrived to lead the group in Father Abraham. Ironically, **Slip Knot** got to the Hash on time because he is one of the few men who gets in touch with his feminine side and asks for directions.

The pack took off walking and **Wanks With Wolves** was busy demonstrating to all the male hares how all the zippers on her running tights worked. Everyone wanted to try them out! After we got her zipped back together the trail crossed route 236. It's always a good tactic to try and thin the pack out early in a run. The pack made good time going through several neighborhoods and was hitting the checks well. At another check **Byte Lightning** and most of the pack, including the indomitable **French Worst Trail of the Year**

. **Slick Slit** was asked where the Oreos were and she said they weren't Asian so there wouldn't be any. I asked if they had any fortune cookies and she told me where the fortune cookies were (I'm still not exactly sure how she got them there).

Virgins: **Just Felix** and **Just Matt**. Just Matt made the mistake of showing some freshly shaved leg to **Dual Airbags** during circle. It turns out that **Just Matt** had shaved other parts as well. A hash name was suggested and a motion to name **Just Matt** at his first run was accepted. So henceforth and forever in the Mount Vernon Hash and throughout the world of hashing, **Just Matt** shall be known as **Sir Shavesalot!** Just wait until **FMB** comes back. He is gonna love this one!

Visitors: No one, so we picked on **Jointed Staff** for not being here for a long time.

Returners and Backsliders: **Slick Slit, Jointed Staff, 2 Hand Job, Mr. Magoo, Missed Erections, TED, Big Bird Turd** and a few other names I couldn't read.

Analversaries: Lots of high numbers here: **Dual Airbags** 515, **Red Snapper** 545, **Fire and Ice** 300, **Slip Knot** 405, **Byte Lightning** 655, and **Big Bird Turd** 415.

Birthdays: None that anyone would admit to.

.Things Duals Does to piss off SOT:

- 1) Honks horn after he is a goin back around to driver's side after opening door for her.
- 2) Leaves small speck of soap in the soap dish before SOT takes his weekly bath and then takes all towels out of the bathroom.
- 3) Leaves cherry pits in favorite pie recipe.
- 4) Puts empty bottle of his favorite beverage back in the liquor cabinet.
- 5) Puts Beano in his Nutrasystems diet drink.
- 6) Won't marry him allegedly for Tax reasons which gives SOT false hope causing him to be constantly quibbling.

Mis-management

Joint Masters: Corkscrewed & OrganIcer

Religious Advisors: Put It Out & CRAFTY

On-Sec: Dual Airbags

Hash Cash: Loan Shark

Hare Raiser: Rocky Whore & Missing Cheap Slut

Habs: Poop Deck & Whack Me, Smack Me LMLBTS

Co-Scribes: **Do Me Next & Cuz He Can**

Violations: First and foremost the hares for pre-laid flour, no Oreos (they could have made Asian style Oreos by dipping them in soy sauce), no ice, and no chopsticks! **Byte Lightning** for going to the wrong starting point along with several other hashers.

French Toasted for mislaying the walkers trail.

Loan Shark for having a large stash of old magazines in the kitchen but not a speck of porn among them (I checked). He apparently gave them to **Cheap Slut** who needed something spicy to look at on a business trip. Speaking of porn, **Pulls Out Early** was surfing the internet in search of it when he came across our newest media sluts "**Blanks**"

With Wolves as she was referred to and her lovely husband **Boy Toy**. **Pulls Out Early** didn't provide the photos because it was a **Pay Per View** site and he is basically like cheap but the textual evidence is clear. **Cork Screwed** and **Sir Shavesalot** were violated for doing Uni-bomber impersonations (grey hooded sweatshirts and sunglasses at the circle.)

Wanks With Wolves was called forth for a second violation for molesting our virgin **Sir Shaveslot** on trail!

Hash*t: Our hash*t award winner from last week, **Let's Make a Deal** left early with the rest of the **Deal** family so we were unable to stick it too someone else today. **Lulu** had to go home early to take a nap because they were going out to dinner later that night. I think it might be a good idea to let her keep it next week as well or better yet keep it in the family and give it to **You've Got Tail**.

Cold Hugs N Kisses: **Cuz He Can**—Just Ask **Do Me Next Week**.
