If you don't start in the morning, you can't drink all day!

Hares: **Loan Shark, French Toasted, Organ Icer, Cork Screwed and Very Old Cheap Slut**

Hey what's with this weather? Wednesday it was 81 degrees and today we are running on snow and ice again. It's time for the RA's to take drastic action and sacrifice a few virgins to the God of Hashing. Speaking of RA's where were they today? Maybe we should elect three for next year so we have one present each week.

This was the Kiss Me I'm Irish trail (**Loan Shark** as lead hare was making every attempt to get some action out of this). For those who follow NCAA basketball, apparently Winthrop didn't get the word that they were supposed to let the Fighting Irish win in honor of Saint Patrick's Day. I arrived a little early only to find our lovely On Sec, **Dual Airbags** but very few other pack members (they must have realized that **French Toasted** was a hare and stayed home). The hares were nowhere to be seen. They had apparently gone home to change out of their flour soiled clothing so they would look nice and clean almost like they were setting a live trail. The hares arrived promptly at 10:10 and we immediately sent them on their way.

GBOF was back after a long absence and was bragging how he knocked another one through the goal posts (apparently **Byte Me Elmo** is with child again, way to go **GBOF!**) **Red Snapper** was having a bad hair day after a poor choice of hair cutter person. Maybe she should try out the one that **Hickey Mouse** uses. **Hickey Mouse** was not here this week (probably getting his hair done again).

After a quick Father Abraham led by **Byte Lightning** the pack was off and walking into the woods behind the Swim Club. **Pulls Out Early**

Next Trail: Mount Vernon Hash # 1040

10:00 AM - March 31st, 2007 -- \$5.00 US

Hare(s): Running Bare & Crew

Theme: To Be Announced

Start: . The directions will be on the web site sometime this week. Rocky maintains that he should drink for failure to supply directions.

quickly set off to the left and hit true trail while the pack wandered aimlessly on the wrong side of the stream. The pack quickly regrouped and gave chase.

A hilly, muddy trail and many checks served to keep the pack together. The FRB pack kept changing with **Missed Erections, Byte Lighting, Turbo Twat, Pulls Out Early, Blows a Tranny** and **You've Got Tail** all joining the lead pack at one time or another. Several spills in the mud, a few eyes nearly put out by branches and some turned ankles found us back on the streets of Annandale.

After crossing route 236 once more we headed into some town houses and across a strangely familiar looking stream. Up a hill and we finished at a brand new location: **Loan Shark's**

! I have to hand it too him, he is good at finding new places to finish. We were treated to a traditional Irish feast of chili-mac, corned beef and plenty of green beer! Circle was just about finished when the wayward **Running Bare** showed up as the DFL.

ON ON. – **BeCuz He Can**

Virgins: **Just Will** because he isn't old enough to hash with OTH.

Visitors: **Just Will** because he has hashed with White House, Sh*t and Every Day is Wednesday but not Mount Vernon.

Namings: None today

Analversaries: **Spur Me Cockpit-10, The Great Poopkin-10, Missed Erections 175, Pulls Out Early-211** and a nice \$1055 jacket! **Bushmaster-305, and Hands Solo-415.**

Birthdays: None anybody would admit to.

Violations: The Hares for arriving late, pre-laying trail, leaving late to set trail, haring without flour, parking the bag vehicle a long way from the sign-in

making the pack walk to it, not shoveling the snow out of the back of the bag vehicle making all our bags get wet, not starting at the local K-Mart, need I go on? **Lulu the Gay Sailor** for trying to get **LMAD** and **You've Got Tail** to stay home so he could stay home as well and "take care" of them. **Great Balls of Fire** for being a media slut. It seems that some guy in Wisconsin was reported to have asked a buddy to pour lighter fluid on his genitals and then light them on fire. This could only have been **GBOF!** **GBOF** was also violated for breeding a second time with **Byte Me Elmo** without a permit. **Snot** and **Pulls Out Early** were violated for wrong way hashing, **Snot** even saw a hare's arrow and ran in the opposite direction! **Hands Solo** was violated for cuming up behind **Dual Airbags** while she did an environmental on trail. **Dual Airbags** was violated for washing the trail away during her environmental.

Hash*t: The owner of our lovely Hash*t, **You've Got Tail**, forgot it this week. Let's see last week she lost it, this week she forgot it, so next week she will either bring it or just throw it away (I think that's what really happened to it, or else she is really using it to unstop her toilets). The hares escaped getting the hash*t this week and boy they really deserved it!
