If you don't start in the morning, you can't drink all day!

Hares: Puts It Out, Turbo Twat, S'Not, and Tit Kaboob

In an attempt to add some culture to the hash the hares started us in the Wolf Trap Filene Center parking lot. The location and weather brought out a good crowd of hashers including many returners. Really culturally sensitive hares would have included a ticket to the matinee show of **Jesus Christ Super Star** as well, but looking at the hares you can see how cultured they are.

Missing Link was seen arriving in a chick car (Prius) instead of his usual penis car Corvette. His girl friend **Full Metal Balls** arrived separately in his own truck (lets hope they aren't breaking up.)

Father Abraham was led by **Wilburrr** who hasn't gotten any more coordinated and seems to have forgotten all the words as well.

The pack was sent off to find trail and quickly got lost at an early check. **Cunning Runt** and **Dr. Jekyll** were back in their familiar places as FRBs joining **Byte**, **French Toasted**, **Missed Erections** and **Pulls Out Early**. I quickly took myself out of the front of the pack by heading up a long hill only to hit a BT. **Lulu** showed poor judgment by following along and then accused me of being stupid.

It was a **Puts It Out** trail so the tunnel on trail should not have been unexpected, but no one had thought to bring along a flashlight. We stumbled along over rocks and slime holding onto each others body parts as we crossed under the toll road.

Coming out of the tunnel we hit another check and the pack scattered again. **Byte Lightning** headed

Dog Friendly Factor: Tough & semi-tough dogs

Stroller Friendly Factor: Strollers best on walkers trail, but tough Hashers can push strollers on runner's trail

Miscellaneous: A-B run. As usual, bring dry cheap shoes and cheap clothes. Cheap bag vehicle provided. Hares say you will get your dainty feet wet. As usual, bring dry shoes and clothes.

off somewhere not to be seen again until the ON IN. Trail crossed and re-crossed the same stream several times. Several hashers jumped into the stream only to find it was much deeper than anticipated. Trail took us out of the streambed and across the bridge over the river Kwai (the way it looked after William Holden blew it up.) I didn't see anyone actually take the bridge since it was no longer functional. I heard **Cork Screwed** urging **Cunning Runt** to go down, he may have been trying to help her short cut but I didn't stop to watch the outcome.

Cheap Slut was heard discussing yogurt and Japan with anyone who would listen. **Do Me Next Week** complemented him on his excellent memory but then said it must be from telling everyone the same story each week. The walkers were treated to a sea

en plants with leaves of three which caused them much distress. Then they got their feet wet as well! **Red Snapper** managed to trip and fall and injure her shoulder in the woods, (if a hasher falls in the woods and no one sees her fall does she make a noise?)

While **Boy Toy** got the hashers organized for the circle, **Hickey Mouse**, **You've Got Tail** and **Mazzie** were all involved in a doggie style 3some in the parking lot. They were quickly joined in the fun by **S'Not** and **Let's Make a Deal** making it a 5some. **Only 2** (who apparently only likes to play voyeur) watched and took photos. Look for those photos on your favorite porn site real soon.

Virgins: Not this week.

Visitors: **Matope'** (he said it meant mud in Swahili, it probably really means a**hole but no one knew enough Swahili to argue with him). **Kayo** (pectate?) wife of **Matope'**, **Air Biscuit**, **Sloppy Seconds**, and **Yellow Submarine**.

Returners and Backsliders: Lots of them this week: **Turbo Twat**, **Tit Kaboob**, **Woo Woo**, **Wilburrr**, **Physical Terrorist**, **Slot Machine**, **Tapped 3 Times**, **Cunning Runt**, **Dr. Jekyll**, **GBOF**, **Byte Me Elmo**, **Garden Ho**, **Fly the Friendly Thighs**, **Big Bird Turd**, **Ragin Cajun**, **Juicy**, and **Bush Boy**.

Namings: None today.

Analversaries: **Wanks With Wolves-125**, **Organ Icer-200**, **S'Not-365**, **French Toasted-565**, and our leader **Dr. Strangelove-585**.

admit to having birthdays anymore.

Violations: The hares for setting a 69 shaped trail on 6/9. **Cheap Slut** for getting a letter naming him and his dog as frequent neighborhood dog poop violators (carry the little baggies **Cheapie** or walk the dog at night when they can't see you). **S'Not** for f*cking up his foot doing some sort of sex games (those batman capes don't really allow you to fly). **Mazzie** for beer abuse, **Wo Wo** drank for the bitch. **Loan Shark** for racing into the ON IN. **Hickey Mouse** for bathing on trail and **You've Got Tail** for not joining him. **Byte Lightning** for ultimate hubris in stating that "I can't read those signs, I'm too fast." **Fly the Friendly Thighs** for a fashion statement: wearing pink sandals with high heels. **Red Snapper** for performing gymnastics on trail and hurting her shoulder. **Organ Icer** for performing a free medical exam on **Red Snapper**. **CRAFTY** for wastage of an entire bowl of Chex Mix **SELECT** snacks (those high priced snacks cost the hash money!) Finally last and least **GBOF** for constantly telling the pack that he knows where the finish is.

Hash*t: No **Dual Airbags** this week so all violators were spared from having the hash*t thrust upon them.
