Stop Sniffing My [Great] Balls You [\$50] Bitch Hash

Hash # 905

On the Trail

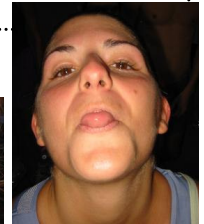

Yeah, I'm out with my b*tch Puddle F*cked for a hash. You gotta problem wit that?

Yeah, well doesn't look like he's house broken. Just keep his nose out of my ass.

Can I be your b*tch too? Let me show you my tongue technique.

My technique is way, way better. I can get in much further than you can.

My mother's going to kill me.

I can't stop staring at her fine rack!

I can't stop staring at her rack either. Is that so wrong?

For the record, I have no interest in her rack.

I may be drunk, but I'm not easy. ... Okay, I'm easy, my email is bavarianbush@trojan.cum

Don't you think I'm FINE too, you dog!

Rear Area Security reporting. All racks are account for. Ready to commence naked fire jumping. Oh, and who has the beer bong, I'm next.

I know that rack but I can't place the face.

Who of you luscious ladies is next?

I'm some happy, I don't have to worry about staying thin anymore- let's go to Wendy's.

Get really close so you can read my shirt.

Well you can lick my Betty Boop, b*tch.

You can suck on my Betty Boop too.

What's your favorite sexual position, little girl?

Guess who's going to get some Doucheburg tonight?

Wait, wait, check out my Betty Boop's.

...you see the real difference between the Warren Court and Rehnquist Court is the notion of liberty applied matters not explicitly contemplated in...

I want to kill myself...

See, at the Men's Hash, we focus on man-to-man technique, like this...

And, the Circle

First into the Circle is our very competent Beer Bitch **Just Dennis**. Next are the Hares **Great Balls Of Fire**, **\$50 Bitch** and Grand Master **Road Wore**, to take responsibility for their half-marathon of a shitty trail. Then some brave Virgins are introduced; **Just Chris** and **Just Aubrey** by **Just Shane**, **Just Pablo** by **Just Jane**, **Just Mike** and **Just Sarah** by **Cunting Season**. Visitors are welcomed; **Warmer Buns** from the Costa Rica Hash, **Boob-A-Lube** with a serious running problem from the Honalulu Hash, **Just Shane** from the Long Beach Hash, and **Yellow Balls** from the Princeton Hash. Capt. **Put It Out** stopped by for a visit but successfully resisted the Religious Advisor's request to join the Visitors for a down-down. Long Time No Seer's are **Cyclops** and **Dual Airbags**. Violators are **Smoky The Beaver** for whining on trail, **Hashing Hops** for cuming over from the DC Men's Hash and knocking up a former White House Grand Master, **Boob-A-Lube** for the most egregious, annoying running thing I have ever seen, **Looks Like A Kid**, **Drinks Like A Girl** for crimes against nature, **Just Denis**, the Beer Bitch, for attempted media slutting, **Yank Me Out**, **Cum Scout**, **Fuck'em Dano**, and **TwoLip In The Bush**, for various crimes and misdemeanors. Last, **Just Courtney**, a bright-eyed student with a thing for chickens, and willing to take it any way she can get it, had a Very Solemn Occasion- NOT.... For once we can say thanks to the local peace officials for asking us to move it along, or the beautiful **Just Courtney** would have been stuck with one of the shitty names you came up with- so start thinking now about a GOOD name now!
