

# W *The better late than never Trash* Hite House Hash House Harriers

May 2004

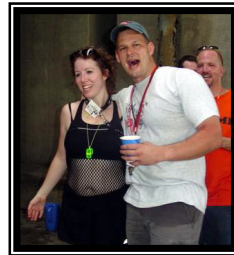

"Dominatrix"

Hash # 947

by 

## Quote of the Week

"You's waaaaaay behind" **Little Girl in the Hood.**

## Pain is Good for You

It was hot Africa hot. Tarzan couldn't stand this kind of hot. But we trudged on. At least those of us stupid or adventurous enough to show up to a hash called Dominatrix in 95 degree weather.

I can't speak to the runner's trail. It was too hot to run. And based on what the runner's looked like, it was a good decision. Someone said something about melting.

The walkers were treated to a very special shot check. Since when do you have to get whipped to get a shot? Did I like it? I don't know. AGAIN please!?

**Just Simona** was the beer bitch. She looked very lovely in that apron. No one could keep their hands off her. Who can blame 'em?

In a far too close brush with the **Alternative Lifestyle**, we had a naming. His name was **Just Jim**. But he will forever be known in the world of hashing (except Great Falls, FUCK THEM) as **Wilt Chambermaid**. Other top picks were **Eager for Beaver**, and **Dupont Circle Jerk**. I think PSA was already handcuffed to a bedpost. We don't have any pictures.

## Violations

**KY Belly** cell phone sex. He figured out a use for vibrate mode, and we haven't been able to get him off the thing since.

**Coin Operated, Semen Mixer** and **Just Brad** will put anything in their mouth. Therefore they are being violated for...never mind. That's normal hasher behavior.

**Nut Mechanic** in a drunken stupor, knocked beer off the beer table. Then passed out in the grass. AND he thought **Bright Light's** titties were Braille.

**Semen Monster** for calling the scribe twice on trail to find out where we were. And THEN showing up on her bike with **Paine in the Hash**.

**Test Tube Baby** for wearing a race shirt

**Just Alex and Head Job** DFLs

**Editor's Note:** I have to apologize for the lateness of this edition. I have become a sex slave. He only lets me cum up for air once a week.

## Nuts (and Berries)

**Hares:** Plug In, Hardwood.cum, Peckerchief, Just Jim

**Virgins:** Just Dave, Just Heather, Just Ron, Just Gina, Just Alex, Just Skye

**Visitors:** Too Dumb to Die, Too Dumb to Divorce, Poker Buttus, Analyze Me, Licky Me, Just Brad

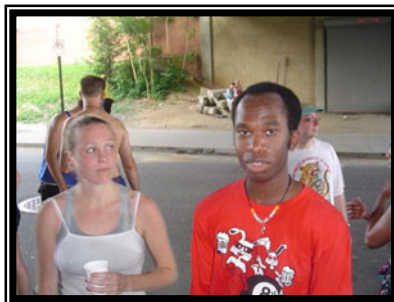

**Analversaries:** Asshopper with 69

**Semen Mixer** with 25 (Welcome to the Club)

**Long Time No Seers:** ALOT

Who's that guy. I never see him in any pictures

Why are you dressed like its winter in Alaska?

Oh Yeah! She's Hot. Bring on the Virgins!
