Hash # 982

I would like to thank the hares for calling in some fantastic December weather. The hash started at the Francis Scott Key park under the Christmas tree. With the brickwork assisting us, we formed a perfect circle. We had a bunch of girl virgins and a token guy virgin. There was one visitor from San Antonio. His mother hash is White House. He was heard lamenting at the closing circle that "A lot has changed since he left." I'm not sure what that means. The trail had a great mix of urban and shiggy. The beer check was near P Street Beach. It overlooked a cemetery and the nearby apartment residents were remarkably friendly. We ended on the Potomac in Georgetown. **Smokey** was rudely interrupted by John Edward's jogging as she was changing her pants. We taught **Just Becky** about coochy wipes. It's best to work fast. No one notices that way.

After kindly taking away my beer **Titely** yelled "SHOTS FIRED." Suddenly five hashers were coming at me from all d-erectons. Next thing I know, I am on the ground at the bottom of a dog pile. An ALL CLEAR was given and we were back to normal. Thanks for protecting me guys.

Just Ryan is Named Hokey in the Pokey

So his "friend" rats him out and tells us that he had a girlfriend once that broke up with him after he bought her a dildo. Names that were thrown back included Batteries Not Included, Floppy Dick, and Byte Size

Violations

Mellow Foreskin Cheese for multiple acts of spitting.

Boner for finally Finding Nemo

Two Sheep to Fuck started his period on trail (Bloody Nose)

Just Natalie for professionalism. She has a degree from Beaver College. The hash is for amateurs, missy!

321 F Off keeps the hash sh*t for one more week, for taking his shirt off at the drag queen brunch.
