## WH4 Hash Trash

Monday June 27, 2005 Hash #1015: The Neapolitan Hash

Hares: Smokey the Beaver = Chocolate, Tit-ly Winks = Vanilla, and Butt Plug = Strawberry.

The hares this week took into account that it is summer and hot outside, so they provided a special snack break with Ice Cream sandwiches representing their hair colors. A few frisky male hashers were seen trying to lick the hares, but were quickly kicked in the balls by this tough girl posse.

Virgins/Visitors: Zero. Nada. Zip.

Due to the scribe losing her notes, this hash trash will be mad libs- fill in blanks as needed:

Long Time No Seers: Butt Plug, Bolo, Dick

In the Eye, Dick-Lo-Mat, Runway

**Snatch, Suxion Please, Just Tom,** and **Donald Dick,** who finally re-emerged from hash #1013 in South Arlington.

## Anniversaries- **Bad Ditch (169), Little Red Ride Me Good (25), Runway Snatch (25).**

Naming: Just Jen has over ten hashes and was due for a name. She is a sailor, physicist, and a diver. Suggestions included Bottom Time, Pink on the Inside (she is very, very tan), and Old Salt and Batteries, but the crowd voted for Aaaargh, She Blows.

Hashsh\*t: Missing with Mother May I.

Remember to sign up for the F'Art Festival camping weekend, July 29-31.
